Flag City USA!

The road to Findlay becoming designated Flag City, USA began in 1968 when John B. Cooke moved to Findlay. As a member of the Sons of the American Revolution, Cooke believed in the value of flying the American flag and went door-to-door in town asking residents and businesses alike to fly a flag on Flag Day, June 14, 1968. Cooke created a fund and purchased 14,000 small flags for the community. This project continued until 1974, when the Women's Division of the Chamber of Commerce started a campaign to, once again, have flags fly and to have the city of Findlay become officially known as Flag City, USA. On May 7, the House of Representatives passed a resolution officially declaring Findlay Flag City, USA. Today, you may see a flag display in the Hancock Historical Museum, see the Flag City monument welcoming visitor's to our town at I-75 and US 224, pass under the Flag City, USA distinction while driving on I-75 and pass by the mural on a Marathon Petroleum storage tank. Findlay is a place of great pride; both in its unique designation and patriotism.

Vist with US!
